Dear Barry –

Ever since we saw your showcase at the FFEA Convention, we knew we had to have Reverend Barry and The Funk at our Delray Beach NYE Celebration. You guys did not disappoint. The crowd was Standing Room Only the entire time!

People of all ages were enjoying the show, dancing, and singing along. That's exactly what we wanted. You were perfect for the crowd!

Thanks for bringing your fans, too. We had people telling us they travelled in for the show from other areas of Florida, having seen you before. That was a bonus for us!

We can't wait to have you back in Delray Beach for another rockin' show. You were the highlight of our New Year's Eve Celebration!

Thanks again!

With regards,
Nan Krushinski
